

PROBLEM SOLVING

Learn from influencers and experts. Sharpen your knowledge. Gain and share new ideas and best practices. Learn about the latest techniques and insights.

About The Course

Why is it that some people find it easy to solve tough problems while others find this feat nearly impossible? You've no doubt looked at solutions to problems and said, "I should have thought of that." But you didn't. The answer is not just creativity, but also the ability to search for and find facts that relate to the situation, and put them together in ways that work.

Course Outline

- Increase awareness of problem solving steps and problem solving tools.
- Distinguish root causes from symptoms to identify the right solution for the right problem.
- Improve problem solving and decision making skills by identifying individual problem solving styles.
- Think creatively and work towards creative solutions.
- Recognize the top ten rules of good decision-making.

Who Should Attend

This course is designed for leaders, managers, supervisors and any other professional looking to improve their problem-solving abilities.

Course Methodology

'MicroLearningLabs' are run in-house and last 90-120 minutes. These workshops are conducted online or face to face using experiential learning techniques that keep participants engaged.
